Brion Benninger, MD MSc, attended the 30th annual American Association of Clinical Anatomists (AACA) meeting in Denver, Colorado from July 9th-13th. Dr. Benninger was accompanied by 12 COMP-Northwest students and his anatomy technicians (see list below). Throughout the year, Dr. Benninger has mentored these students on projects, which they presented at the conference. Platform presentations were given by six of the attendees, while the rest gave a poster presentation. Dr. Benninger was impressed with the performance and professionalism of the COMP-Northwest team. See below for a list of the attendees and presented projects.

**AACA DENVER CONFERENCE, JULY 2013: LIST OF PRESENTATIONS**

1. Conformation of Tube Placement Utilizing Ultrasound: Nik Matsler, Platform
2. Formally Acknowledging DCP’s in the Research Arena: Dr. Benninger, Poster
3. Further Clinical Relevance of the Omohyoid: Andrea Mytinger, Poster
4. Integrating ultrasound into 2nd year creating andragogy curriculum: Andrea Matson, Poster
5. Maximizing clinical skills and educational benefits from DCP’s: Aaron Stecker, Poster
6. Novel Imaging cross sectional thickness to reveal ankle ligaments: Taylor Delamarter, Poster
7. Novel Monitoring of CPR with Ultrasound: Andy Berglund, Poster
8. Novel slicing thickness improves anatomy and clinical education of the foot and ankle: Taylor Delamarter, Poster
9. Ophthalmic artery morphology reveals clinical benefits: Jonathan Shader, Poster
10. Curriculum and morphology allocated to lower or lumbar back pain: Jack McClane, Poster
11. Turf toe, common & misunderstood: Mike Kahan, Platform
12. Combining video otoscopy with middle ear dissection in the anatomy lab: Nick Brown, Platform
13. Ultrasound management of distal radius: Patrick Bevan, Platform
15. Using andragogy methodology to teach anatomy to “Millennials”: Sarah Evans, Platform
16. Using ultrasound to identify radial artery prior to ABG: Rebecca Corbett, Poster
17. Video Laryngoscopy: Tyler Earley, platform
18. CT guided Ablation of 3rd Molar Tooth bud in Swine: Dr. Benninger, Poster
