Greetings:

A heartfelt thanks to everyone who submitted suggestions for the Strategic Plan. The intake process ended on January 27 with a total of 373 responses, most of them including more than one idea for WesternU over the next five years.

Ideas and information from the intake period are being categorized for review by the Strategic Plan Task Force and its various committees. A report built from the feedback will be made available later this month on the Strategic Plan Sharepoint site, https://mydocs.westernu.edu/StrategicPlanning/SitePages/Home.aspx, and on www.westernu.edu. The Strategic Planning icon is in the left nav bar of the home page.

Again, thank you to all who participated. Stay tuned to future announcements via e-mail, the YOU portal, the website, and WesternU’s various other means of campus communication.

JEFF KEATING
Chair, Communications and Marketing Group
